Vermont Department of Education

Table 6, FY05 Current Expenditures by Full-Time Equivalent Student Count

Purpose:

Table 6 uses a full-time equivalent student count (Site FTE). The FTE used in this calculation is not the same as the 40 day ADM count provided by each town for determining the Education Spending Grant.

The source of each site FTE that is not a technical center was the FY05 Student Census. The data used included:

Resident and Nonresident Attendances

Resident and Nonresident Absences

Session Days the school was officially in session

- The FTEs for technical centers were collected by the Department of Career and Workforce Development within the Department of Education.
- The formula used in the calculation of each site FTE that is not a technical center is as follows:

The combined number of Attendances and Absences for each Public School was divided by the number of Session Days the school was officially in session. Beginning in FY96 it became possible to pro-rate students attending less than full time into full-time equivalent (FTE) totals. Student counts beginning with SASRS96 are not directly comparable to the counts used in previous years.

- Public School Site FTEs were rolled up to the LEA level and reported in Table 6 for each LEA. Special Education students were included within the count.
- Technical center students are associated with the relevant technical center.
- Beginning in FY02 General Administration and School Administration are separated into two categories. General Administration expenses are costs of establishing and administering policy for operating the school system. Costs associated with the operation of the school board, superintendent services, staff relations and contractual negotiations with instructional and non-instructional personnel are examples of General Administration. School Administration expenses are expenses for the overall administrative responsibility for a school. Some examples of School Administration expenses are costs associated with the office of the principal, vocational director, special area administrative services, full time department chairs, and clerical support.

Caution:

There are a number of differences among supervisory unions in the way expenditures are divided between the SU and the LEAs. Expenditures that show up at the SU level in one supervisory union may show up at the LEA level in another.

Results:

The statewide average for Total PK-12 Current Expenditures per Student (using full-time equivalent student count) was \$11,877.
